SALT LAKE CITY

Hubert C. Lambert
HUBERT C. LAMBERT
STATE ENGINEER

March 25, 1966

MEMO: For the record

Re: Burnt Fork-Birch Creek

By: Donald C. Norseth

* * * * *

A meeting was held March 22, 1966 at 10:30 a.m. in the McKinnon Schoolhouse at McKinnon, Wyoming with the Burnt Fork water users.

During the meeting a discussion centered on the activities of 1965. The users expressed dissatisfaction with the way the distribution had been handled.

After a lengthy discussion, it was decided to proceed and set up a program for 1966. The following items were set forth:

1. The 1966 budget was established as follows:

Commissioner's salary	\$ 240.00
Deputy commissioner's salary	120.00
Bonds and insurance	10.00
Miscellaneous items	20.00

\$ 390.00

The deputy commissioner is to be hired and utilized only if his services are necessary. His salary if not utilized is to be held in reserve.

2. The assessment was to be \$270.00 with the other \$120.00 being taken from the bank reserve if expended.
3. Willard Stringer was to be appointed as water commissioner in concurrence with Wyoming.
4. The water users and Willard Stringer are to get together and agree upon a man for deputy and then to notify this office of their choice that we might follow through and appoint him.
5. The deputy's expenditures were estimated on the basis of ten trips over the Utah portion of the system.

Memo - Burnt Fork-Birch Creek - continued

It was agreed that someone, as soon as possible, would inspect the parshall flumes on the Burnt Fork System to check their installation to see if proper measurements are being obtained.

Copies of this memorandum are being mailed to:

Robert F. Guy
Willard Stringer
Robert Gamble
LaRay Sadlier
Frank Reese
